

# WARWICK WOODLANDS CAMPUS

Based on a traditional neighborhood design, our Warwick Woodlands Campus is set on 72 acres and is a first-of-its-kind within the retirement living arena. The campus, featuring residential living apartments, carriage homes, and townhomes, is designed specifically to bring together people, businesses and the energy of small-town living, inspired by historic Lititz. The grounds here include walking paths, courtyards, gardens, a woodshop, and much more.
