During the month of May, **JENNIFER VONSTEIN** will display her works of art in the McCloud Campus Center Art Gallery on the Founders Campus.

Jennifer's works show snippets of the stories we tell ourselves and our children. Her colorful, creative expressions are most often responses to experiences and memories. She draws inspiration from the narratives and pictorial formats of religion, myths, poetry, and pop culture. Jennifer's contemporary pieces are bold and bright with layered textures that revel in the physicality of paint. Her paintings are often deliberately left open to interpretation, and her work is held in private and corporate collections globally.

Jennifer holds a BA in Studio Art from Loyola University and has studied under renowned artists such as Tom Nakashima, Joe Giordano, Carol Miller Frost, and Mary Beth Akre. For over 15 years, she has been Chroma, Inc.'s Artist in Residence, assisting artists with their painting and technical questions, as well as leading workshops and visiting colleges and universities around the country. She describes herself as a storyteller with paint, a lover of life, sparkly and slightly subversive things.

A Grand Opening Wine and Cheese Reception will be held during the month.

Some interesting new donations to the MMC Library include *Masonic Village: The 100 Year Anniversary 1910-2010* and *The Women by Kristin Hannah*. Other recently donated titles include: *The Frozen River* (Lawhorn), *The Mercies* (Hargrave), *The Ghost Orchid* (Kellerman), and *Dead Man's Hand* (Taylor).

Keep an eye out this spring for lots of newly published fiction and non-fiction as the Library does its twice-a-year shopping spree of new titles!

Going on vacation? Don't forget that the MMC paperbacks are available for you to take along on your trip. Feel free to lighten your load and leave it at your favorite B&B for someone else to enjoy!
