Library CORNER

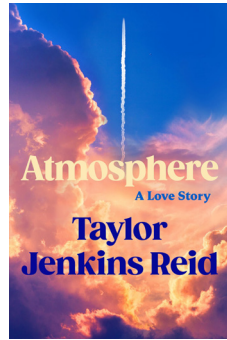

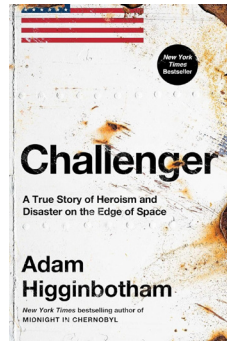

Don't Forget the Library System of Lancaster County Bookmobile stops at the Woods Apartment Lobby on the second Wednesday of each month at 3:30 p.m. ...which will be June 10th this month. Residents can take advantage of a wide range of library services, including month-long checkouts, placing holds on items within the county system, interlibrary loans for materials outside the system, help with LYNX eResources, personalized reading recommendations, and access to summer reading materials. You're also welcome to request and order specific books directly through Bookmobile staff.

If you've stopped by the Founders Campus Library lately, you may have noticed the beautifully handcrafted bookmarks made by a member of the Library Committee. These were offered free to library users and were quickly snapped up.

We just completed our spring book order, resulting in many new titles appearing in the Library. There is a variety of new fiction, non-fiction, and large print for you to enjoy!

With the recent Artemis mission to the moon and back sparking renewed interest in space exploration, you might enjoy some related titles in our collection. Highlights include *Challenger* by Adam Higginbotham, a compelling nonfiction look at the risks and realities of space missions, and *Atmosphere* by Taylor Jenkins Reid, a novel centered on women in NASA's space program. Also available in paperback is *Hidden Figures* by Margot Lee Shetterly, the inspiring true story of women who overcame discrimination to make vital contributions to NASA's Mercury and Apollo missions.

Finally, thank you to our residents for your generous book donations, which continue to enrich the library's collection for everyone to enjoy.
